Summary

“Final-year Software Engineering student at Daffodil International University with a strong foundation in backend development and web technologies. Skilled in Node.js, Express.js, and MongoDB, with beginner-level experience in React.js and a creative edge in Adobe Illustrator. Passionate about solving problems with clean, scalable code and driven by a strong analytical mindset. Seeking a backend development internship to apply technical knowledge in real-world projects and grow in a collaborative team environment.”

Experience

Solo March 2022
Full Stack Developer Virtual
🌐 <https://opdrape.store>
Developed and deployed a scalable REST API using Node.js, Express.js, and MongoDB for an online drape and fashion store.
Implemented secure user authentication, product management, and order processing endpoints.
Integrated the API with a frontend client, ensuring seamless data flow and responsiveness.

Education

Islami Academy School and College February 2006 - March 2018
Science Regular
4.83
Completed foundational education with strong performance in science and mathematics, which sparked my interest in technology and problem-solving.

Alamgir Mansur Mintu Memorial College July 2018 - February 2020
Science Regular
5.00
🌐 <https://ammc.edu.bd/>
Completed Higher Secondary education with a concentration in science, laying the foundation for a career in software engineering.

Daffodil International University December 8 2021 - present
Software Engineering Regular
3.10
🌐 <https://diu.edu.bd>
Pursuing a Bachelor’s degree in Software Engineering at Daffodil International University with a focus on backend development and full-stack technologies.
Engaged in hands-on projects, coding competitions, and tech community events to enhance practical and collaborative skills.

Projects

Opdrape
This is the only and solo project that I have created from scratch
